To take the Online TEFL course you need to have good written and spoken English. You have to be at least 17 years old with a good standard of education or significant life experience. The course has been developing for three years and we are very pleased to offer an **ACTDEC** accredited TEFL training course, through our UK based **ACTDEC** accredited partner organisation.

The Online TEFL course consists of four modules and will take you through how to become an English teacher. It will look at how to engage your students, grammar and how to plan a lesson. It will also give you advice on how to go about finding work afterwards. The course includes about 70 hours of study and will probably take you 1 to 3 months to complete but as it is completed in your own time, we allow up to 6 months.
